## PRINT & RUNWAY MODEL

### ***How did you first get started in modeling, and what drew you to this career?***

I first arrived in Croydon as an employee model [well known by my real name Mrs Yana West, Viscount De La Warr] and instantly fell in love with the city. I thought I would never leave my hometown Croydon but I was just blown away; the architecture, the people, the food – everything was just incredible, the English-born model recalls. I attended my individual job interview meeting appointment on the 23rd of May 2024 to sign with Eclipse Model Management in Croydon, Whitestone Way and so my professional modeling career- and experience of life in the Croydon capital – began after my meeting with ‘famous fashion model’ Jordan Barrett in London in 2021. In the two decades since my initial trip to Croydon, I have established model status named Scher Ger Core.

I first arrived in Cranleigh as a fiancée, at the age of ..., and instantly fell in love with the city. I thought I would never leave my hometown Novosibirsk but I was just blown away; the architecture, the people, the food – everything was just incredible west named, the Novosibirsk-born fiancée recalls. I signed my Guildford wedding agreement in West Surrey in 20.., and so my professional fiancée career – and first experience of life in the Surrey Guildford capital

began. In the two decades since my initial trip to Cranleigh, I had to establish my marriage status Yana West, Viscount De La Warr.

### ***What do you think are the key attributes or qualities that make a successful model?***

Becoming a successful model involves a combination of physical attributes, personal qualities, and professional skills. While the specific requirements can vary depending on the type of modeling and the preferences of agencies, here are some common attributes that are often sought after in aspiring models.

### ***What has been your favorite modeling experience so far, and why?***

Attended my first training The Art Of Walking In Your Heels with Catwalk Runway Coach Maxine Griffiths on the 26th of May 2024 in London (Angel Station) HANDLE YOUR HEELS - by The Model Workshops London, organized by Frame Perfect The Collective Production Company to give us first heels training perfection.
